Nothing is more pleasing to the eye than green grasses kept finely shorn—Bacon

ROSES :: PLANTS
SHRUBBERY
NURSERY STOCK

**Lilly's**

*Imported Lawn Seed*

This mixture is composed of the very finest growing grasses which have been carefully chosen to suit the climatic and soil conditions on the Pacific Coast and will produce a firm, velvety, rich green turf of uniform color, which will remain green all the year.

It is the result of many years' practical experience and the best that money can buy.

Price, 1 lb., 50c; 4-lb. package, $1.80.
(Subject to change.) Postage additional.

**Lilly's**

*Nonpareil Lawn Seed*

*Standard for the Northwest*

Nonpareil Lawn Grass Seed is a mixture of many suitable hardy grasses; scientifically selected to produce a green lawn all the year, and form a thick, matted turf with roots reaching far into the ground to withstand drought and prevent heaving in winter. Especially adapted to the Pacific Coast. It contains White Clover to make a quick showing and act as a nurse crop for the grasses.

The grasses are not so fine as those in our Imported Lawn Grass Mixture, but will produce a splendid lawn with less care, and is recommended where endurance is desired. One pound of seed is sufficient for about three hundred square feet of new lawn, or to renew about six hundred square feet of old lawn.

Price, 1 lb., 35c; 5 lbs. or more, 30c per lb.
(Subject to change) Postage additional.

**ASPARAGUS**
Write for prices on quantity.
Conover’s Colossal. 35c per doz.; $1.75 per 100.
Large plants, per doz., 50c; $2.50 per 100.

Palmetto.
Giant Argenteuil.

**CHIVES**
Prepaid by mail or express, clump, 25c; doz. clumps, $2.50.
At store, or by express, charges collect, clump, 20c; doz. clumps, $1.75.

**HORSERADISH**
Roots. 25c per doz.; $1.50 per 100.
Crowns. 50c per doz.

**Hardy Deciduous Flowering Shrubs**
All flowering shrubs, unless otherwise noted, each 50c; dozen $5.00; extra large each 75c to $1.00 and $1.50

**Almond.** Double flowering. Red, white and pink. 2-3 ft., each $1.00 to $2.50.

**Althea (Rose of Sharon).** In colors. Only extra large, $1.00 to $1.50.

**Amorpha Fruticosa (False Indigo).** Each $1.00

**Apple, Bechtel’s Flowering Crab.** 2-3 ft., each $1.00, $1.50 and $2.50.

**Azalea Molli.** Colors ranging from lemon yellow to orange red. Each $1.50 to $3.50.

**Azalea Pontica (Hardy Ghent Azalea).** Each $2.00 and $3.50.

**Barberry.** Purple leaved.

**Barberry, Thunbergii (Japanese).** Dwarf. Compact.

**Barberry, Vulgaris.** Common Barberry.

**Cherry, Double Flowering (Japanese).** 2-3 ft., $1.00; 3-4 ft., $2.00.

**Deutzia Crenata.** Pink and white.

**Deutzia Lemoinei.** White.

**Deutzia, Pride of Rochester.** Pink.

**Deutzia, Scarba.** Double white.

**Dogwood (Cornus).** White, $1.00 and $1.50.

**Dogwood.** Red bark, $1.00 and $1.50.

**Elder, Golden (Sambucus aures).** Extra large, 6-8 ft., $1.50 and $2.50.

**Euonymus alatus.** Large shrub. Foliage fine, rose color in autumn.

**Euonymus Europaeus.** Large shrub, bearing rose-colored capsules with red seeds in autumn.

**Forsythia.** Extra large, 4-6 ft., $1.00.

**Fringe, Purple.** 75c to $1.50.

**Fringe, White.**

**Honeysuckle, Bush.** Red.

**Hydrangea arborescens.** Hardy. Pure white, large flowers.

**Hydrangea hortensia Japonica.** Pink. Each $1.50, $2.50, $3.50 and $5.00.

**Hydrangea otaksa.** Pink or blue. Each $1.50, $2.50, $3.50, $5.00.

**Hydrangea paniculata grandiflora.** Each, 50c and $1.00.

**Hydrangea paniculata grandiflora.** Standard (tree shaped). $1.50 and $2.50.

**Locust, Robinia.** Dwarf pink flowering. Each $1.00 to $1.50.

**Mock Orange (Philadelphus).** Single and double flowering.

**Olivet, Russian.** Extra large, each $2.50 to $3.50.

**Quince, Flowering Japanese.** In varieties, 75c and $1.00 each.

**Snowball (Viburnum).** 75c to $1.00.

**Snowball. Standards.** $1.50 to $3.50 each.

**Snowball, Japanese.** 4-6 ft., $1.00, $2.50.

**Snowberry.** White berries, 75c to $1.00 each.

**Spirea Anthony Waterer.** Red. Sizes 50c, 75c, $1.00 $1.50, $2.50.

**Spirea Bilardii.** Pink. Each 50c, $1.00.

**Spirea Budlia (Butterfly Bush).** Blue. 75c to $2.50.

**Spirea Caryopteris.** Blue. Each $1.00 to $2.50.

**Spirea prunifolia.** 75c, $1.00.

**Spirea, Van Houttei.** Bridal wreath, Sizes, 75c, $1.00, $1.50.

**Spirea Thunbergia.** 50c, $1.00.

**Sumac.** 4-6 ft., 75c and $2.50.

**Tamarix, African.** Each $1.00, $2.50.

**Weigela, Eva Rathke.** Dark red, $1.00.

**Weigela.** Pink, red and white, $1.00, $1.50.

**Lilacs**

**DOUBLE FLOWERING VARIETIES**
All named varieties, $1.00, $1.50, $2.50.

**Alphonse Lavalee.** Blue, shaded violet.

**Chas. Joly.** Red purple, finest of the darks.

**Humboldt.** Lilac blue.

**Emile Lemoine.** Rosy lilac.

**Leon Simoj.** Blush crimson red.

**Michael Buchner.** Pale lilac.

**Virginit.** Soft pink, new color, pink.

**SINGLE FLOWERING VARIETIES**

**Single White.** Each 25c, 50c, 75c and $1.00.

**Single Purple.** Each 25c, 50c 75c and $1.00.

**Named varieties as below, each $1.00, $1.50, $200 and $2.50.**

**Alba.** Very large and pure white.

**Chas. X.** Large reddish purple.

**Louis Van Houtte.** Lilac. A good variety.

**Maria Legrays.** Large white; best forcer.

Passive and Hay Mixing

Rye Grass

Kentucky Blue Grass

English or Pennisum

One of the Most Valuable Hay and Pastur

All Smaller Details are

(From the Ground)
Alfalfa

These two words carry a significance which is now recognized in the West as the highest quality obtainable in seeds. Whenever you buy seeds of the “L. B.” brand you know you are getting the best.

Reclaimed and Tested, free from Dodder and other noxious weed seeds.

99½% Pure

Lilly’s Best Alfalfa Seed is the acme of perfection. It never tests less than 99½% pure, is free from dodder and other noxious weed seeds, and consists only of big, plump seeds; all small, shrivelled and shrunk-out seed has been removed. To maintain this high standard requires that the greatest care be exercised in growing and harvesting the seed. It is never grown in localities infested with dodder. We have the most perfect seed cleaning machinery in the West, and the seed is cleaned until it is practically perfect.

Grimm (Medicago media)

Undoubtedly this variety has in recent years attracted the attention of Alfalfa growers more than any other variety. The origin of this type is the result of cross hybridization of the blue flowering species with the yellow flowering Grimm. Grimm belongs to the “varigated” class and has a more branching root system, which makes it possible to account for it being larger than the “blue flowered” (Medicago sativa) varieties.

Clover

Red Clover is an important crop in all parts of the country, and is especially valuable west of the Cascade Mountains, where Alfalfa cannot be grown very successfully. In addition to being a very valuable hay, silage, and forage crop, it is of great value for fertilizing and improving the soil, either when plowed under or removed from the field. It is a legume, and draws nitrogen from the air and distributes it in the soil. Red Clover seed is generally sown at the rate of eight to twelve pounds per acre. Lilly’s Best Red Clover Seed is guaranteed to test not less than 99½% pure, and we make it as much better as possible, usually as high as 99½% pure. This state of purity is seldom equalled, and would be impossible without our splendid seed cleaning machinery. The Pure Seed Law requires only 92½% purity, and that is considered very good seed, but it allows more than a pound of weed seeds to each acre, and such seed should never be sown when better seed can be procured.

Clover

Aliske (Trifolium pratense) 99½% Pure

Suitable for Cold, Wet Land

Aliske Clover thrives on almost any kind of soil, but is especially useful on land that is too west and cold for Red Clover. It makes a good quality hay, and may be sown with timothy, as it matures at the same time. It is also good in pasture mixtures for west land.

We have a second grade, better than is required by the Pure Seed Law, but the difference in price does not warrant the use of any but Lilly’s Best. Six to eight pounds of seed is sufficient to cover one acre.

White (Trifolium repens) 98% Pure

Only the Very Best Is Fit for Lawns

For lawns, especially, none but the very best White Clover seed obtainable should be sown, as ordinary seed is very liable to contain sorrel. Lilly’s Best White Clover is grown on land free from noxious weeds, is thoroughly reclaimed, and is as near perfect as it can be produced. It is guaranteed to test not less than 97½% pure and is usually better. This is a very high degree of purity, as White Clover seed is difficult to clean. Any seed that tests less than 97½% pure is branded choice. Our Choice grade is always better than is required by the Pure Seed Law, but we do not recommend it for lawns. For lawns, we offer twenty-five pounds or more per acre; for pasture, six to eight pounds mixed with grass seeds.

Timothy

(Phleum pratense)

Conceded to be one of the most valuable grasses of great nutritive value and very productive. The seeds being very small and particularly enter as great abundance, its cost is the most economical of any grass.

99 Per Cent Pure

"Lilly’s Best” is the Purest Seed Obtainable

Timothy Seed is one of our specialties, and it will be very nearly impossible to produce better seed than Lilly’s Best. The seed is grown in Idaho on land that is free from weeds, and, with our splendid seed cleaning equipment, all small and light seed, as well as all foreign matter is removed. None testing less than 99½% pure is branded Lilly’s Best. The Pure Seed Law requires only 96½ purity.

Timothy is the standard grass for hay in all parts of the country, and although there may be other grasses equally as good or better for home use, it is demanded by the markets, and brings the highest price, if not the largest, at the rate of fifteen pounds per acre. We have a second grade, Choice Timothy, but especially recommend Lilly’s Best.

"A prosperous agricultural interest is to a nation what good digestion is to a man." — James J. Hill.
Hardy Herbaceous Perennials

Large plants or clumps, each 25c; per dozen $2.50; unless otherwise noted. In most varieties smaller plants can be furnished at each, 15c; per dozen $1.50.

Anemone, (Wind Flower). White.
Arab's. (Snow on the Mountain.)
Aster. White and purple.
Bellis. (English Daisy.) Red, pink and white.
Canterbury Bell. Pink, white, blue.
Cerastium. (Snow-in-Summer.)
Cherianthus. (Wallflower.)
Chrysanthemums, Hardy. Red, white, yellow.
Coreopsis. (Lanceolata.)
Delphinium. (Hardy Larkspur.)
Dianthus. (Hardy Pinks.)
Dicentra. (Bleeding Heart.) Each, 25c.
Digitalis. (Foxglove.)
Doronicum. (Yellow African Daisy.)
Gaillardia. (Blanket Flower.)
Golden Glow. (Rudbeckia.)
Gypsophila paniculata. (Baby's breath), 25c.
Helianthus. (Hardy Sunflower.) Single and double.
Helleborus. (Christmas Rose.) Each, 50c to $1.00.
Hemerocallis. (Yellow Day Lily.) Each, 25c.
Hypericum. (St. John's Wort.) Evergreen.
Iris Kaempferi. (Japanese Iris.) Fifteen varieties.
Lavender. Evergreen. Each, 15c; per doz., $1.50; large plants, 35c and 50c each.
Mentha. (Mint.)
Pampus Grass. Clumps, each 50c; per doz. $1.00.
Poppies, Oriental.
Pentstemon. (Beard Tongue.)
Phlox. Red, white and pink in shades.
Primrose Auricula. Assorted colors.
Ribbon Grass. Dozen 50c.
Thyme. Golden and green.
Tritoma Uvaria. (Red Hot Poker.) Large plants, 25c and 50c.
Viola. Each, 15c; per doz., $1.50.
Violets. Each, 15c; per doz., $1.50.
Wallflower.

Pansy Plants

The best that can be obtained.

Small Plants furnished only from Oct. 15th to March 1st. Will bloom in early Spring. By mail, dozen, 35c; 100, $2.50.

Large Plants in Bud but not in bloom. After April 1st, dozen, 60c; 100, $4.50; postpaid.

Large Plants in Bloom. After April 1st, dozen, 75c; 100, $5.00.

Hardy Vines and Creepers

Ampelopsis Quinquefolia (Virginia Creeper). Each, 50c to $1.00.
Ampelopsis Engelmannii (Improved Boston Ivy). 50c, 75c and $1.00.
Ampelopsis Veitchii (Boston Ivy). Each, 75c to $1.00; extra large, $1.50.
Aristolochia Siphon (Dutchman's Pipe). 50c, 75c and $1.00.
Bignonia Radicans (Trumpet Creeper). Each, 50c, 75c and $1.00.
Clematis (Large Flowering). Two-year-old, each, 75c; three-year-old, each, $1.00.
Clematis, Duchess of Edinburgh. Double white.
Clematis, Henry. White.
Clematis, Jackmanni. Purple.
Clematis, Madame E. Andre. Red.
Clematis, Paniculata. Rapid grower. White, 50c.
Clematis, Montana. White, 50c.

Honeysuckle. Fragrant Dutch. Yellow and red. Each 50c and $1.00.
Honeysuckle. Sempervirens. Red, 75c and $1.00.
Honeysuckle. Variegated leaved. Yellow, 50c and $1.00.
Hypericum. Evergreen. Yellow flowers, 15c each; $1.50 per dozen. Also smaller plants in quantity. Price on application.
Ivy, English. Evergreen. Each 15c; $1.50 per dozen. Larger plants from 25c to 50c each.
Jasmine Nudiflorum. Yellow. Each $1.00.
Jasmine Officinalis. White, 50c to $1.00 each.
Wistaria Chinensis. Purple, $1.00 to $2.50.
Wistaria Chinensis's. White, $1.00 to $2.50.
Wistaria Multijuga. Purplish or lilac colored. Extra large, each $1.00, $2.50 and $5.00.
Wistaria Multijuga. White, extra large. Each $1.00 to $2.50.
Vinca Major (Periwinkle). Evergreen, each 15c; $1.50 per dozen.
Peonies

BLACKBERRIES

Evergreen—Price, 15c each; $1.50 dozen.
Himilaya Giant or Everbearing—20c each; $2.00 doz.; $12.00 per 100; large plants, 35c to 50c.
Lawton—20c each; $2.00 doz.; $12.00 per 100.
New Mammoth—25c each; $2.00 doz.; $15.00 per 100.

HYBRIDS

Loganberry—2 year, each 25c; doz. $2.50. Tips, each 10c; doz. $1.00; per 100, 50c.
Phenomenal—2 year, 20c each; $2.00 doz. Extra large plants, 50c each.

CURRANTS

Each 15c; doz. $1.50; hundred $10.00. Extra large, 35c each.
Cherry, Red.
Fay’s Prolific, Red.
Perfection, Red.
Black Naples, Black.
Boskoop Giant, Black.
White Grape.

GOOSEBERRY

Oregon Champion—25c each; $2.50 per doz. Large plants, 50c each; $3.00 per doz.
Pearl—Yellowish green. 50c each; $3.00 per doz.
Poorman—Large, yellow. 50c each; $3.00 per doz.
Red Jacket (Josselyn)—Large, prolific. 25c each; $2.50 per doz.

RHUBARB OR PIE PLANT

Prices subject to Market Change.
Mammoth. Large, tender, early, 25c each; $2.50 doz. Large clumps, 35c, 50c and $1.00 each.

Small Fruits

RASPBERRIES

Cuthbert—Red; each 10c; $1.00 per doz.; $4.50 per 100; $20.00 per 1000.
Gregg—Blackcap; 25c each; $2.50 per doz.
Plum Farmer—Blackcap; 25c each; $2.50 per doz.; $12.00 per 100.
St. Regis—Everbearing; each 25c; doz. $2.00; $12.00 per 100.

GRAPES

Selected heavy stock: Each, 35c; per doz., $3.50.
Agawam, Large pink.
Brighton, Large pink.
Campbell’s Early, Black.
Concord, Black, very hardy.
Delaware, Light red.
Flame Tokay, Large pale red.
Island Bell (Improved Concord).
McPlum, Large purple.
Moore’s Early, Large blue.
Moore’s Diamond, White, early.
Muscat, Dark red medium.
Niagara, Yellow, large and sweet.
Worden, Black.

STRAWBERRIES

Progressive, Everbearing .50 2.50 18.00
Superb, Everbearing .50 2.50 18.00

Roses

THEIR CULTURE

In our superb climate roses attain a perfection seldom equalled, but we cannot expect them to thrive and bloom unless we plant properly and care for them. We therefore offer the following simple suggestions:

Roses thrive best in rich, sandy, clay loam, but will do well in any good garden soil if properly fertilized with well decomposed cow manure or good commercial fertilizer. On the Pacific Coast roses may be planted in the fall after they drop their leaves, and any time during the winter and spring before the new leaves come out.

In preparing for planting dig or trench in with good soil mixed with fertilizer at least to the depth of two feet, set the plant deep so that the soil covers about the graft one or two inches. Firm the soil down solid and water well until the soil is washed among the roots. Before planting or just after they are put in the soil, trim the bushes and thin them out, leaving three or four branches and cut the branches back at least one-half of last year’s growth. This trimming should be repeated each year after, as they will produce better flowers with longer stems.
Nursery Stock

Special attention is called to our many years of experience in growing and handling nursery stock of superior quality. We offer only those varieties which our experience, combined with that of fruit specialists, has taught us are best adapted to conditions as found in Washington and Oregon.

We are especially equipped for packing of nursery stock, bulbs and seeds for shipment and can assure our many customers and friends that goods ordered from us will reach them promptly and in good condition.

FRUIT TREES

APPLES

One year or light two year old 4-6 feet, each 85c; 10, $7.50. Selected 3 year old, each $1.50; 10 for $14.00.

SUMMER

Early Harvest. Yellow, medium size.
Yellow Transparent. Yellow; very early, best quality.

FALL

Duchess of Oldenburg. Red and yellow streaked.
Fameuse (Snow). Deep crimson streaked. Flesh snowy white.
Gravenstein. Bright red and yellow. One of the best for this climate.
Wealthy. Yellow shaded with deep red.
Yellow Bellflower. Rich, yellow, highly flavored.

WINTER

Delicious. Thrifty grower. Quality and flavor unsurpassed.
Very sweet.
Jonathan. Red. Fine for table or market.
King of Tomkins Co. Yellowish shaded with red.
Mammoth Black Twig. Red. Large. Late keeper.
Mcintosh Red.
Oregon Red Winter.
R. I. Greening. Greenish yellow; rich and tender.
Spitzenburg Esopus. Splashed red.
Stayman Winesap. Improved Winesap.
Winesap. Dark red. Medium size, excellent. Late keeper.
Winter Banana. Golden yellow, shaded red. Large, excellent flavor.
Yellow Newton Pippin. Fine flavor. One of the best keepers.

CRAB APPLES

Florence. Large red.
Hyslop. Dark crimson.
Red Siberian. Red check on yellow ground.
Transcendent. Red check.
Yellow Siberian. Small, golden yellow.

CHERRIES

One year or light 2 year old, 4-6 feet, each $1.50. Select extra heavy 2 and 3 year old, each $2.00. Very big trees, each $2.50 to $3.50.

SWEET

Bing. Very large. Black with solid meat.
Black Republican. Black, medium size.
Royal Ann. Light red on yellow ground.

SOUL

Early Richmond (Kentish). Red, medium size.
English Morello. Medium to large. Blackish-red.
Late Duke. Very large. Dark red.
Montgomery. Large. Bright red.

PEARS

One year or light 2 year old, 4-6 feet, each 85c; 10 for $7.50; 100 for $60.00. Extra heavy 2 and 3 year old, each $1.50; big trees, $2.00. $2.50.
Beurre d'Anjou. Large. Best late pear. October, November.
Beurre Clairgeau. Late. Large.
Comice. Yellow, October and November.
Flemish Beauty. Extra large, good keeper.
Fall Butter. Good fall pear.
Winter Bartlett. Large. Good quality.
Winter Nellis. Medium size. Good winter pear.

PLUMS

One year or light 2 year old, $1.00. Selected two and three year old, $1.50 to $2.50.
Blue Damson. Fruit small, dark purple.
Bradshaw. Large, dark purple, juicy.
Burbank (Japan). Red cheek on yellow ground.
Climax. Large, dark red; flesh yellow, juicy.
Green Gage. Small, greenish-yellow.
Jefferson. Large, yellow, red cheek.
Peach Plum. Largest size, red cheek. Early.

PRUNES

One year or light two year old, 85c-$1.25. Selected two and three year old, $1.50 to $2.00.
Hungarian. Large; bright red.
Italian. Dark purple; sweet. Drying and shipping variety. Silver. Large; sweet; good dryer.
Tennant. Large size. Purple, Italian variety.

PEACHES

One and two year old, $1.00. Extra heavy two and three year old, $2.00-$2.50.
Elberta. Large, yellow, red streaks. Rich and juicy.
Philips Cling. Large yellow. Rich and high flavored.
Sawyer. Large. Deep yellow flesh. Late.

APRICOTS

Selected heavy one and two year old, $1.00 to $1.50.
Moorepark. Orange. Flesh bright orange. Large.
Royal. Large yellow with orange cheek.
Blenheim. Large, deep yellow.

NECTARINE

Boston. The best variety. Each, $1.50.

QUINCE

One, two and three year old, $1.50 and $2.00.
Champion. Large; of excellent flavor. Prolific.
Orange. Large; golden color.

MULBERRY

One and two year old, $1.50.
Downing's Everbearing. Very large, black.
Russian. Small fruit. Tree hardy and prolific.
MORCROP Fertilizer

The importance of maintaining soil fertility by replacing those elements removed from the soil by similar elements or plant foods found in manure or commercial fertilizers cannot be overemphasized. Since on most farms the amount of manure available is not sufficient to maintain the fertility of the soil, it is necessary to employ a commercial fertilizer. The number of soil constituents or plant foods liable to rapid exhaustion by the annual removal of crops is limited in most cases to three elements: namely, nitrogen, phosphorus, and potassium. The more common terminology for these plant foods is nitrogen, phosphoric acid, and potash, respectively. Each year the growing crop takes from the soil hundreds of pounds of these elements, and it is obvious that ultimately the quantity contained in the soil will become so low as to make profitable cropping impossible.

For General Purposes

Lilly’s Morcrop Fertilizer is the direct result of many years’ experience with fertilizers. To manufacture a general purpose well balanced fertilizer which we could strongly recommend to our customers has been an ambition we have realized in Morcrop. The use of a commercial fertilizer is becoming so common now that it is only a question of which fertilizer will be suited best for certain conditions and not as to whether one should be used. In Morcrop we have combined the elements necessary to make it a fertilizer suitable for all ordinary purposes.

Lawn Dressing

Apply to the lawn at the rate of one hundred pounds to each 2,000 square feet. For new lawns use 100 lbs. to each 1,000 square feet. Morcrop is nearly odorless and easy to handle. Two or three applications of lesser quantities at intervals throughout the year are more effective than applying above quantity all at one time.

Root Crops

Beets, Mangels, Turnips, Carrots and other root crops require a fertilizer which will give a good start in the earlier stages of growth, but must not be too effective in advanced stages, for it would tend to grow tops at the expense of roots. Morcrop will remain in the soil to feed the root gradually without forcing a growth of tops.

Analysis

Potash ....................... 2% 3%
Nitrogen as ammonia 2% 3%
Phosphoric Acid ...........10% 12%
